Industrial Visit Policy

Preamble:

The objective of an industrial visit is to provide the students with insight into the internal workings of industries. It gives the students exposure to current work practices. The industrial visits offer an opportunity for students to experience real machines, workstations, systems, plants, assembly lines, etc. Students can utilize the opportunities of industrial visits to build good relationships with the companies. It can help students seek jobs and approach these organizations for training and internships.

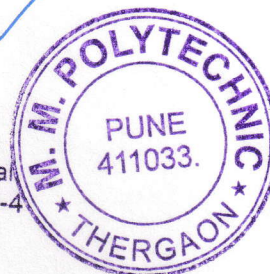

Standard Operating Procedure (SOP):

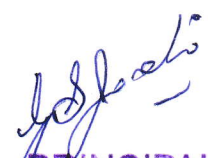

1. An industrial visit of up to one week is to be permitted. The duration of industrial visits will be as per the requirement.
2. Industrial visits can be in Pune, in the state of Maharashtra and in India.
3. 50% of travel expenses will be sponsored for students by the college for an industrial visit in Pune, in the state of Maharashtra and in India.
4. The college will sponsor 50% of railway expenses for industrial visits in the state of Maharashtra and India for students.
8. 100% of expenses at actuals will be sponsored to faculty members by the college.

Compliance:

The industrial visit coordinator needs to submit compliance with the visit in the form of a report, feedback, CO/PO attainment, outcome, etc.
